

The Kenton County School District Meal Charge Policy

The Kenton County School District allows limited meal charges to cover the situation of a student losing or forgetting meal money. This service is not designed or intended to provide a credit service for continuous charging and collection of student meals. Under no circumstances can a-la-carte items be charged. Students that have outstanding meal charges are not allowed to buy any a-la-carte items.

If a student incurs three meal charges, reasonable attempts will be made to notify parents/guardians by phone and US mail. If a fifth charge is incurred, attempts will be made by a designated school administrator to contact the parents and an alternative snack will be provided until the charges are paid. It is very important that you do not ignore charge notes that are mailed home. If there is a problem paying the charge or you feel that the charge is in error, please call the cafeteria manager to discuss it immediately.

If you are applying for free or reduced lunch benefits, you are responsible for all lunches until your form has been approved. If your child has transferred into Kenton County from another district and was previously on free or reduced lunch, please bring a letter verifying that from the previous school which will allow Kenton County to extend the same benefits without a delay.

Parents/Guardians are expected to pay for student meals on the day the meal is purchased or in advance with cash, check, or on-line with a debit or credit card. The on-line payment system, Mypaymentsplus, (formerly called Mealpayplus) can be found by going directly to www.mypaymentsplus.com. Online payments can be a big advantage to students and parents because the students do not have to handle cash. Parents that set up online payment accounts are also able to check meal balances, student purchases, receive email low balance warnings and have an auto replenish option.
